

NANOMAX ANTIALGAE

Detergent against mold and microorganisms

Product Description

NANOMAX ANTIALG is a powerful, water-based, anti-mold detergent, ideal for interior and exterior surfaces. It provides strong action against fungi (mold), bacteria and microorganisms. It permanently protects surfaces from black spots in areas with high humidity, such as bathrooms, kitchens and basements.

Recommended use

NANOMAX ANTIALG is ideal for painted or unpainted walls, ceilings, ceramic tiles, stones and surfaces around swimming pools.

Advantages

- ☆ Water-based detergent that acts against mold, algae and other microorganisms
- ☆ Removes black spots
- ☆ Long-lasting, chlorine-free solution
- ☆ The appearance and texture of the surface remain unchanged

Quick rinse

Technical specifications

Type Liquid
Color A hint of yellow
Density 0.99 ±0.03 g/cm3
pH 7.5 ± 0.5
Smell Odorless

Application instructions

Shake well before use. Spray DeSalin™ AM from a suitable distance and leave to act for 30 minutes. Scrub with a sponge or stiff brush, depending on the surface to be treated. Rinse with water or a damp sponge. It is recommended to wear protective gloves when applying and rinsing the product. To ensure long-term protection, apply DeSalin™ AM every six months.

Storage

Keep containers closed in a well-ventilated space, away from direct sunlight and frost.

Safety and security

The Safety Data Sheet is available on www.NanoPhos.com or upon request by contacting NanoPhos by email: info@NanoPhos.com or by phone at: 2292069312.
